The Master of Pastoral Counseling program is a 30-semester hour program. Students may complete the program at their own rate of progress, with most students completing the program in approximately 12 to 18 months. The program is very accessible to both full-time and bi-vocational pastors, with all courses being available through ATS Distance Education Formats.

**This program does not lead to state license.**

The Pastoral Counseling program is specifically designed for those church leaders working within the church who are called upon to fill a counselor's role. The courses are practical, and counselors will be able to put the courses into immediate use. The program is ideal for all pastors, associate pastors, and church leaders seeking to advance their counseling skills.

Today's pastors and even laypersons within the church frequently are called upon to act as Christian counselors, meeting with both member and non-member in times of hardship or crisis. And, of course, they often feel overwhelmed by the calling as they find they are often ill prepared to meet these situations. Now, with the training received in the Pastoral Counseling major, any Christian can feel more prepared to meet these challenges. And, for those who feel called into the counseling ministry full time, ATS offers the NCCA Licensure Program (See page 10).
